

Once Weathered Decorated Coping

Our Once Weathered Decorated Coping is perfect for parapets and walls where water needs to be shed in one direction.

Straight	Max.*				
	Height (mm)	Width (mm)	Wall Width (mm)	Length (mm)	Weight (Kg)
WDO09	68	228	153	1000	32
WDO11	68	279	204	1000	42
WDO13	68	330	255	1000	47

WDO23LS	79	584	509	584	43
WDO25LS	79	635	560	635	51

*Maximum wall width allows 25mm either side for drip and overhang.

Due to the way in which our Once Weathered Decorated Coping sheds the water, we offer two types of returns.

A 'High Sided' return where the high side of the coping is on the outside of the corner, and a 'Low sided' return where the high side is on the inside of the corner.

Hopefully, the illustration shown should help you identify which type you require.

If you require any further information, please call 01258 472685 and ask to speak to a member of our technical department.
